Dementia & Delirium Workstream

Derbyshire Well Pathway for Dementia
Where does Strategy come from?

- The Government – Policy & Directives
- Health & Social Care bodies – Guidance & Reports
- People working in an area
- People receiving services
What we need from YOU

• Have we included the things that are important to you?
• Have we missed anything important?
NHS England Dementia Pathway

• Preventing Well
  To minimise the risk of people developing dementia

• Diagnosing Well
  To deliver timely, accurate diagnosis, a care plan and review within the first year

• Supporting Well
  To provide access to high quality health and social care for people living with dementia and their carers

• Living Well
  To facilitate and grow safe and accepting communities where people living with dementia can live normally

• Dying Well
  To enable people living with dementia to die with dignity in a place of their choosing
Priorities for Derbyshire
Building on our Pathway

• Ensure the people of Derbyshire have information about dementia and are aware of ways in which they can reduce their risk of developing dementia
• Deliver services that diagnose early so that people can access support and plan for living with dementia
• Ensure all staff that work in the health and social care sector have the information, knowledge and skills required to meet the needs of people living with dementia wherever they receive care
• Tailor services to meet the needs of different, and diverse community groups
Priorities for Derbyshire
Building on our Pathway

• Improve access to, and quality of, treatment and support following diagnosis, for people living with dementia and their carers
• Ensure care for people living with dementia is well co-ordinated and integrated
• Continue to build communities where dementia is understood and people living with dementia are included, respected and supported
• Ensure more people with dementia have an advance plan of care that describes their wishes for the future
Your Opinion Matters

• Do you agree with the priorities outlined?
• Is there anything else you would like included?
• What is most important?
• Do you have any further ideas about how care and support for people living with dementia across Derbyshire could be improved?
