

## **Sight Support Information Days 2018**

Come and meet some of the team from Sight Support Derbyshire at our Information Days.

Here you will find useful information about how our services can support you, and you can find out more about how other local agencies can help. You are welcome at any event, no matter where you live in Derbyshire.

We always have a variety of equipment on display, which we can demonstrate, and you have the opportunity to purchase on the day if you wish. We are sure you will discover something new and useful, whether it's about talking books, electronic reading aids, a local support group, or social activities near you.

**Each event will be open from 10.30am until 1pm**

Sight impaired people, their friends, relatives, carers, and people who work in Health and Social Care are welcome to drop in.

You will also be able to talk to people from different organisations offering advice and support to people with a visual impairment. The list of partner organisations varies between venues and availability, **but may include:**

**Macular Society**

**Guide Dogs for the Blind**

**Age Concern**

**Enhanced Vision - reading aids**

**Deaf and Hearing Support**

**Dolphin - specialist computer software for visually impaired people**

**Welfare Benefits**
