

## **Sight Support Information Days**

Come and meet the team from Sight Support Derbyshire at our Information Days over the coming months.

Here you'll find useful information about how our services can support you, and you can find out more about how other local agencies can help.

We always have a variety of equipment on display, which we can demonstrate, and you can try out before you decide to buy. We are sure you'll find out something new and useful, whether it's about talking books, new computer software, or a support group.

**Each event will be open from 10.30am until 1pm**

Sight impaired people, their friends, relatives, carers, and people who work in Health are welcome to drop in between these times.

You'll also be able to talk to people from different organisations offering advice and support to people with a visual impairment. The list of partner organisations varies between venues, but may include:

**Macular Society**

**Guide Dogs for the Blind**

**Age Concern**

**Enhanced Vision - reading aids**

**Deaf and Hearing Support**

**Talking Newspapers or Books**

**Welfare Benefits**

**Dolphin - specialist computer software**
